Following a special meeting of the Bonaccord football club at the pavilion this evening at 7:30 o'clock, there will be a smoke talk and other social features. All members and others contemplating enrollment in the club are urged to attend.

If you are an attendant at the Hedding M. E. church and wish to join the young women's Wide-awake Bible class ask the pastor to introduce you to some members of the Netop class. You will always be welcome in this class. We have good times and want you to enjoy them with us.

Buy your lot or camp now, as the season is close at hand. I have for sale a four-room bungalow, large porch, all screened in, open fireplace and running spring water; also a new three-room cottage and building lots. For full particulars, inquire of A. G. Nelson, Woodbury Lake house, East Calais, Vt.

Benjamin M. Batchelder, driver of the chemical wagon at the central station, received a painful injury yesterday afternoon, while driving team No. 1 on the exercising wagon. The accident occurred as one of the horses, which is high spirited, kicked up in its play, and hit Mr. Batchelder just below the knee as he sat on the driver's seat. A passenger, who was accompanying him on the trip helped to drive the team back to the fire station, where it was found necessary to remove the injured man to his home on Park street. There a physician was summoned. Two deep flesh wounds were found, but no broken bones.

Much of the Arbor day observance in Barre yesterday was left with teachers and students in the city schools and except for the emphasis laid on the governor's proclamation among the children there seemed to be very little thought of planting trees or cultivating the acquaintance of birds hereabouts. It has been the custom in years past to impress upon all school children the value of setting out trees and of keeping them in order and in most of the grades yesterday reference was made to good works of this character. People who have transplants to set out this year, especially those on the outskirts of the city who use seedlings of pine or spruce in their reforestation propaganda are awaiting a more propitious time for transplanting.

Through John P. Corcoran of this city, the state secretary, letter carriers, clerks and rural delivery carriers of Vermont have sent an invitation to Congressman Frank L. Greene of the first district to address them in Barre May 30 on the occasion of their annual meeting. Because of the privileges of leave allowed the postoffice employees on the holiday, the afternoon and evening will be given over to business and pleasure, and it is at a banquet at Hotel Barre in the evening that the congressman may speak. Acceptance of the invitation, according to word received by the secretary, hinges largely upon conditions in Washington, D. C., around the last of the month. The business meeting of the postal employees will be held in the Knights of Pythias hall.

## Coming Every Day--Fresh Arrivals of Coats and Suits

On our trip to New York this week we were able to pick up some good values in Suits, Coats Waists, and Silk Petticoats. These are values we could not get in the regular way, but being in the market we were able to pick a few from each of many manufacturers. Many of these are new numbers that have just come through, and all are different models than we have shown. Here are values that will surely appeal to any who want a good suit or coat, as you will find many values in the regular stock and this in the face of market conditions is a good saving proposition for you.

Copyright 1916 The H. Black Co.

### Ladies' Tailored Suits

If you want a good, dressy garment you will surely be interested in our Suit values. Many ladies hardly know whether they want a Suit or Coat. This should be easy to decide, as it is conceded that for a dressy garment the Suit is much preferred. Then, too, you can wear a Suit so late in the season, and even with furs you can use it all the year. The Coat is good to wear with separate dresses, but cannot take the place of a Suit.

The bright colors this season appeal to the young ladies who appreciate and enjoy the season's best style colors.

We will be able to give you some extra good Suit values in these new models just received. If interested, come in and look them over before the assortment is broken. You will find many high class values.

### Ladies' Silk Petticoats

We were able to get hold of some Silk Petticoat values that we are putting on sale this week that are of more than ordinary worth.

These are a lot of Petticoats that were made for a concern who failed to take the order, and we were able to take the lot at a price which will mean a saving to you.

You can realize this when you stop to think that Silks are worth double the original price per yard. These models are made up with a deep flounce and a dust ruffle. The Silks are a changeable Taffeta of a soft, guaranteed quality.

These Petticoats were made to sell at \$5.00 each and are fully worth that price. We cleaned up the whole lot in the assortment of colors at a price, so we are going to put them out at \$3.98 for a special. The values are the best.

### The Sport Dress and Skirt

You will soon be looking for the Sport Dress and Separate Skirt. We have just received our full line of Separate Wash Skirts, in a large variety of styles and cloths. These Skirts were bought at the old price, many weeks ago, and you will find they cost no more this season than usual, and in many styles less. When we have to duplicate these Skirts, we will have to get more for them. See our line of Light Sport Dresses.

## Where There is Action You'll

FIND VERMONTERS. The Headquarters Company of Barre needs men. Vermonters have a record to be proud of; a standard of loyal efficiency you'll be glad to work up to. They're a tight little band--occupying a distinctive place among America's defenders. The nation's crisis is again at hand. Will you make good, as did those Vermonters back in '61? Uphold the glory of Old Vermont! Enlist in the Headquarters Company in the Howland building!

The Goddard, Second and Barre Pick-ups played their second contest of the season yesterday at the Goddard campus, the hill-top team putting the downtown club out for the count of 4 to 1. Goddard showed good form and coaching, with "Big Bill" Adams on the mound and putting about everything on the ball that he wanted to, having his opponents at his mercy throughout the contest. In the six innings which he pitched, 10 men whiffed the breeze, and but three safe raps were made off his delivery. Ross pitched well for the downtown club, but lack of practice by the men behind him kept him in a hole through one bad inning.
